, Sydney, Australia.

a copy of a draft publication on nitrosamines. The
can in a style suitable for submission to "Nature".

ould welcome your comments on this paper, and if you agree
should publish the next step would be to let Dr. T.C. Tao
ight of it. This would be followed by Mr. A.D. McCormick
ing formal approval to publish and, finally, submission of the
per to "Nature".

As this is a rather lengthy chain of events, we would appreciate
receiving your comments as quickly as possible.

Yours sincerely,

C.I. Ayres.
